

# NEWSLETTER

Dear Parents,  
Our first month back to school has been exciting and eventful!

I would like to thank all our parents who joined us for our open house at the beginning of August where both new and existing parents were able to come and meet our teachers and get to know them.

We have also started our buddy activity programme here at SIS and kicked off with a fun reading activity for students. Learners from various grades were able to spend some time together during school and read to one another. We hope to expand upon this initiative and include more themed activities for our students to enjoy together.

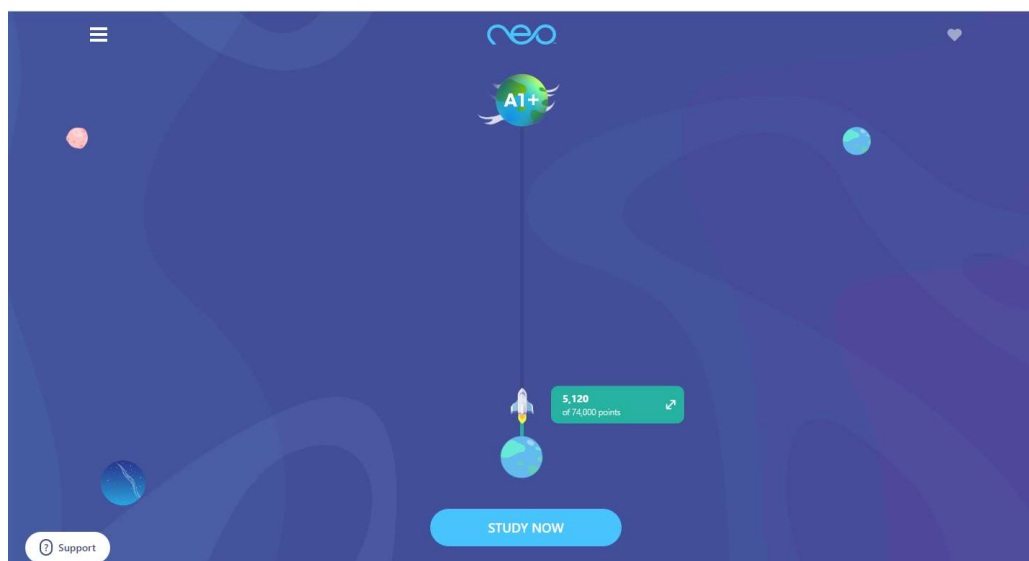

Students have also been enjoying our updated DynEd Neo and have continued to improve their English language acquisition using the most up to date technology. DynEd Neo is the most recent version that aims to enhance students' engagement through skill level appropriate tasks

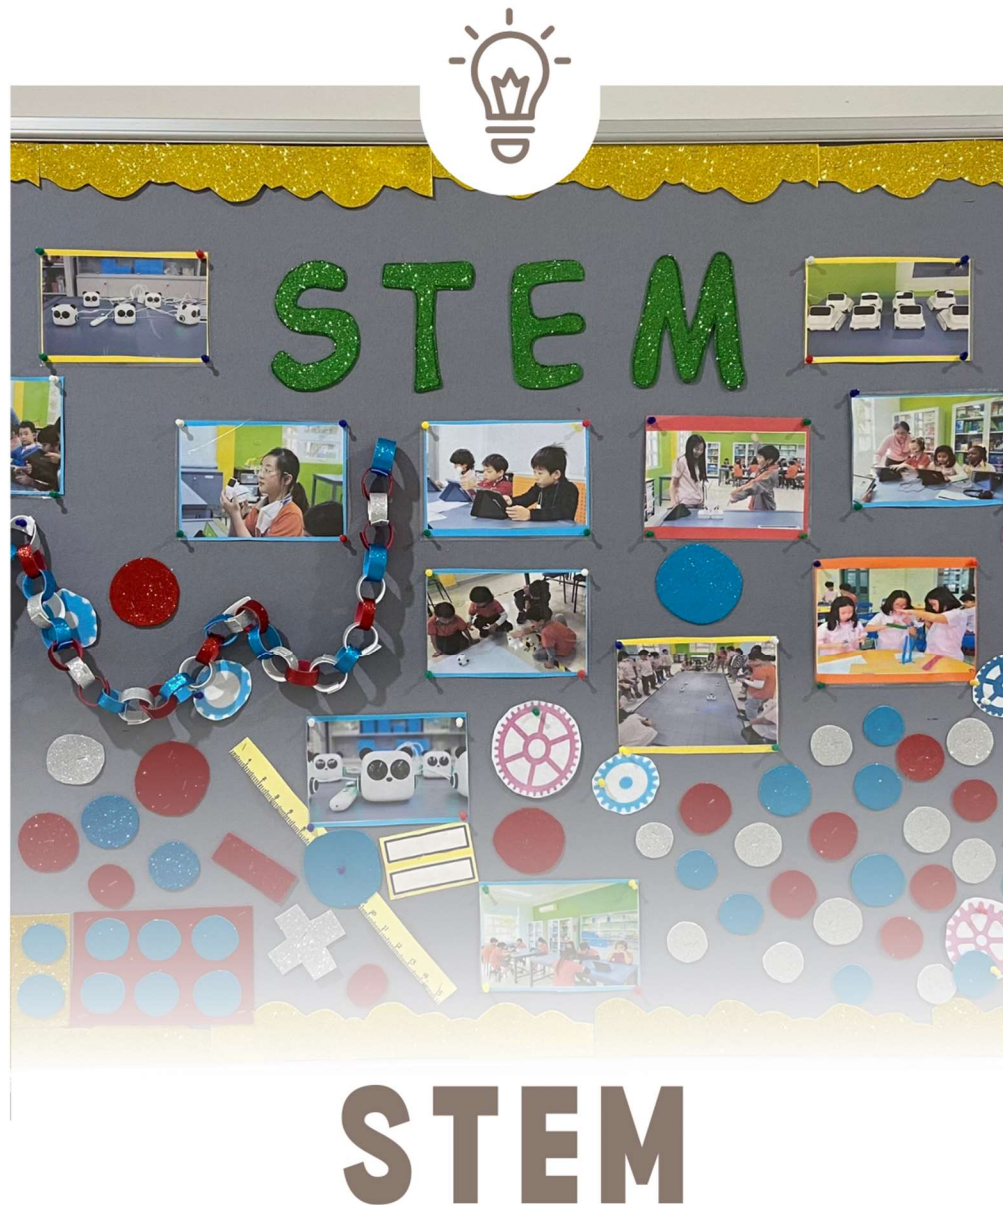

Lastly Students have continued to enjoy STEM here at SIS Ciputra, we have and are preparing for upcoming competitions and events both in Vietnam. We hope to be able to send more positive information about these events in the future.

As always thank you for your continued trust and support, if there is anything that I can help with please feel free to contact me on the below email address.
