Dear Parents,

I would like to share with you some of the wonderful things our school has accomplished over the Tet holidays! We were able to share our Tet Box donations with our buddy village in Bien Dien, they were truly grateful to receive all of our charitable donations. We look forward to a long friendship where we can support families in similar situations every Tet.

We would also like to share with you the fantastic event that was held on the 1st of February to celebrate the Lunar New Year. Our teachers planned a series of games and activities to highlight the importance of the Lunar New Year!

A fun time was had by all while participating in traditional games and learning all about the rich heritage that is the Lunar New Year and celebrating the year of the Dragon!

Our ISA testing took place for our year 3 and 5 students, we saw lots of true determination as our students took international assessments in English and Math. We have spent many weeks preparing for these assessments and I am confident that all our students will do well. The ISA gives us an opportunity to see how our students compare to schools not only in Asia but also around the world!

Lastly we are very proud to announce that SIS Ciputra has joined the junior sports league where we will be competing against other international schools in football games all throughout term 3. We are looking forward to the games and will keep you updated with outstanding in the league!

As always, thank you for your continued trust and support. We look forward to sharing future successes with you both inside and outside the classroom!

Kind Regards,

Michael Ogden
Principal
